

40th Year of Leadership Academy Classes has begun

It's a year of honoring past and future programs. Above is the 40th LAMC class of adults, Class of 2023.

It is LAMC's 40th year of programing! That's right, four with a zero. It is a year we plan to celebrate and honor. Our Adult Class of 2023 has 'metted and greeted,' next up are Legos, golf balls, and learning styles at Opening Retreat. Youth Leadership Academy has had their own overnight retreat (right) and scavenger hunt. We see them already connecting and building long-lasting relationships, which is a main goal at the heart of all our programs. LAMC is also piloting a JR YLA program in Alexandria-Monroe Junior High. We will be in the schools all day, several times a semester, leading the entire seventh grade in activities about leadership skills. This expansion of programing is going to students at such a formative time in their lives, and introducing LAMC to a whole new generation.

Executive Director to Executive Director

We are so honored to have the support of an original founder and first Executive Director, Sandra Volk (left), at our Class of 2023 Meet and Greet at Harrah's Hoosier Park. Without the original founders vision, we wouldn't have this community focused on serving and improving Madison County.

Overcoming the Wall

YLA visited Bradford Woods in Bloomington for a day full of bonding and camaraderie that culminated in one ultimate challenge - The Wall. After a long day of climbing, collaborating, and learning more about themselves, the YLA Class of '23 lifted each classmate over a wall using only teamwork.

Upcoming Dates

Any alumni interested in attending is welcome, just let us know by replying to the email.

- August 30th - YLA Session
- September 15th/16th - LAMC Opening Retreat
